

P3

Synopsis: 1779, a Predator falls and is captured in the frozen Arctic Ice. 300 years later, the French find and fall victim to the atomic destruction of opening the Predator's entombed ship. Now, a heavily armed SEAL team must uncover the frozen Predator before others nations arrive. However, their plight falls short as the Ultimate Warrior Predator races to rescue and save its fallen warriors technology. The war begins, SEAL Team versus Predator, USS Carrier versus an invisible Predator Ship. It's a climatic showdown of the Predator Technology and US military might.

**THE HUNT IS OVER
THE WAR BEGINS**
